

Homework 1

Due: Various days at 11:59pm

Complete the following problems. The codingbat problems are submitted automatically once you've shared your account with me. Submit the other parts using Google Classroom.

I will take these problems late without penalty, but please keep in touch with me about your progress. (In particular, if you can't solve the codingbat problems, come by my office or send me an email for help.)

1. (2 points) Complete the form about how you are participating in Peer Instruction questions (iClicker device, app, or combination).
2. (6 points per problem (30 total); due as shown on the webpage) Create an account on `codingbat.com` and add me as your teacher (in preferences, share with `dbunde@knox.edu`). Note that you need to share the page again even if you shared it with me previously. Then complete the problems listed on the following webpage:
`https://codingbat.com/home/dbunde@knox.edu/sp25-hw1`
3. (10 points; due Wednesday 4/2) Write answers to the questions below. The total amount of text should be at least 3/4ths of a page (double spaced is fine).
 - (a) (4 points) Are there any points of the class collaboration policy that are unclear? How is it similar to and/or different from policies like this that you've had for other classes?
 - (b) (6 points) What do you think are the most important goals of a collaboration policy? (And why are they important?) Do you see ways that the policy could be improved to better meet those goals?
