

FUNDAMENTALS-JAVA PROGRAMMING

This course runs from 29-AUG-25 to 17-DEC-25

Course Modality: Hawk to Hawk

Meeting Times: 12:00 PM - 01:25 PM

Meeting Days: Monday Wednesday

Meeting Location: 

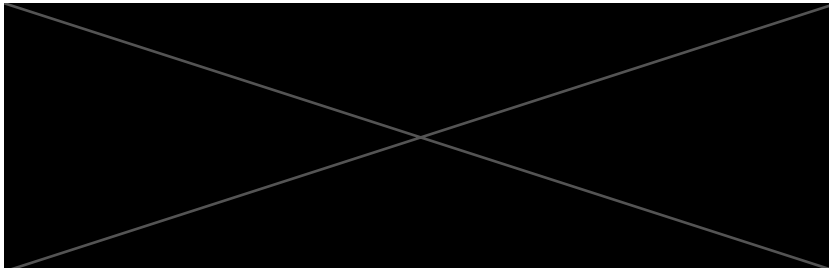

Section Number: 

Professor

Connect With Me

Student Hours/Office Hours

Email:

- Please feel free to send me an email if you have any questions
- Be sure to include the full "**COURSE ID**" (e.g., CSIT256_01FA24) in the subject of all emails.

- A message from Canvas is highly recommended since it will automatically add both the course and student IDs, and never be mistakenly sent to trash or spam of my email box.
- Typically, I response with 1 business day. If you do not hear back within 1 business day, resend your email.

Course Catalog Description

Prerequisite(s): CSIT 104 with a grade of C- or higher; and MATH 111 with a grade of C- or higher or placement through the Montclair State University Placement Test (MSUPT) or MATH 122 with a grade of C- or higher or AMAT 120 with a grade of C- or higher. This course teaches the fundamental syntax and semantics of the JAVA programming language. The topics covered in this course include primitive data types, class and objects, conditionals and loops, arrays, sorting, searching, recursion, and object-oriented program design. Special fee. Meets Gen Ed - Computer Science.

Overview of Our Section

This course introduces the fundamental syntax and semantics of the Java programming language, providing students with a solid foundation for programming and problem-solving. Topics include primitive data types, classes and objects, conditionals and loops, arrays, and object-oriented program design. The course also introduces the fundamentals of data parallelism, preparing students to understand how programs can efficiently utilize modern multi-core processors.

The course consists of both lectures and labs: lectures emphasize the core concepts and design principles of Java, while lab sessions focus on developing practical programming skills through hands-on implementation. Assignments and lab work reinforce the material by bridging theoretical concepts with applied problem-solving.

Student Learning Outcomes

- 1 Apply basic programming constructs and syntax
- 2 Implement a class and define its components
- 3 Create objects of a class and managed object interaction

This course is the first of two courses which introduce students to the Java language. At the end of this course, students should:

SLO1: Students will understand the process of creating and executing a program

SLO2: Students will be able to use assignment, expression, and statements with data stored in individual variables and arrays

SLO3: Students will understand basic concepts of classes and objects, and interfaces

SLO4: Students will be able to use Java standard class library in programming

SLO5: Students will be able to design and implement conditionals to compare data, and repetition control structures repeat certain activities

SLO6: Students will be able to design and implement structured programs using methods, arrays, and objects

SLO7: Students will be able to recognize when an algorithmic solution can benefit from the use of multiple threads that communicate.

Course Materials

Revel for Java Software Solutions, Foundations of Program Design
10 Edition by Lewis & Loftus

Course Schedule

Learning Modules	Duration	Activities	Assignments
Module 1: Introduction	Week 1	Slides: Class 1, 2	Homework 1
Module 2:Data & Expression	Week 2 - 3	Slides: Class 3, 4	- Lab 1 - Homework 2
Module 3: Using & Writing Classes & Objects	Week 3 - 5	Slides: Class 6 - 8	- Lab 2 - Homework 3 & 4

Module 4: Conditional & Loops	Week 6 - 7	Slides: Class 10 - 12, 14	- Lab 3 - Homework 5 - Lab 4 - Homework 6
Module 5: Midterm Exam	Week 8	- Slides: Class 16 - Midterm Review - Midterm Exam	None
Module 6: Object-Orientated Design	Week 9	Slides: Class 17, 18	- Lab 5 - Homework 7
Module 7: Array	Week 10	Slides: Class 20, 21	- Lab 6 - Homework 8
Module 8: Inheritance	Week 11, 12	Slides: Class 22	- Lab 7 - Homework 9
Module 9: Parallel Computing	Week 12	Slides: Class 23	None
Module 10: Final Exam	Week 13 - 14	- Slides: Class 24 - Final Review - Final Exam Part 1 & 2	None

Note: This schedule is subject to change based on the needs of class.

Grading Breakdown

Grading Breakdown

Element	Percentage of Grade
Labs	15%
Homework	15%
Midterm Exam	25%
Final Exam	40%
Attendance	5%
Exercises	5%
Total	105%

DESCRIPTION OF ASSIGNMENTS AND ASSESSMENTS

Exercises: 1-3 exercises will be assigned in each class. Students will have unlimited attempts to answer the questions.

Labs: 7 labs will be assigned.

Homework: 9 homework will be assigned.

Exams: All exams will be **closed-book**. The final exam will have two parts. Both the Midterm Exam and Final Exam Part 2 will consist entirely of multiple-choice questions and will require the use of Respondus LockDown Browser in Canvas. Final Exam Part 1 will be hand-written, and students will need to write Java code for a program within 85 minutes.

EVALUATION OF STUDENT WORK

Each assignment is accompanied by a rubric or other explanation of the criteria used for evaluation.

Grading Scale

Grading Scale

Letter Grade	Percentage
--------------	------------

Letter Grade	Percentage
A	94-105%
A-	90-93%
B+	87-89%
B	84-86%
B-	80-83%
C+	77-79%
C	74-76%
C-	70-73%
D+ (undergraduate only)	67-69%
D (undergraduate only)	64-66%
D- (undergraduate only)	60-63%
F	0-59%

Academic Honesty and Integrity

Academic Honesty is a core University value. Take time to understand the [University's policy](#). Your questions about academic honesty are always welcome. You can ask me or consult the [Center for Academic Success and Tutoring \(CAST\)](#) or the [Center for Writing Excellence \(CWE\)](#) before submitting work.

Course Policies

Late Work Policy:

Students are expected to complete work on schedule. The late policy for all assignments is as follows: 10% points off, if submitted within 24 hours after the due date; 25% off, if submitted 24-48 hours after the due date; no credit if submitted two days or more days after the due date unless prior arrangements are made with the instructor with acceptable reasons. Partially finished assignments will receive partial credit.

Note: This is a firm policy and it will be automatically applied on Canvas.

Attendance Policy:

Attendance is mandatory. All students must sign in for attendance on Canvas within the first 15 minutes of class. Attendance contributes 5% to the final exam grade; if students

sign in after the 15-minute window, they will receive only 50% of the attendance credit. Excused absences include illness (a doctor's note is needed) or a serious personal crisis (a letter from the Dean of students is required).

Land Acknowledgement Statement

We respectfully acknowledge that Montclair State University occupies land in Lenapehoking, the traditional and expropriated territory of the Lenape. [Read the full Land Acknowledgement Statement.](#)

Resources

ACADEMIC

- [Academic Calendar](#): View for important semester dates.
- [Academic Advising](#) is available for all students, with success centers in every college and school:
 - [College of the Arts](#)
 - [College of Communication and Media](#)
 - [College for Community Health](#)
 - [College for Education and Engaged Learning](#)
 - [College of Humanities and Social Sciences](#)
 - [College of Science and Mathematics](#)
 - [The Feliciano School of Business](#)
 - [The School of Nursing](#)
 - [University College Academic Advising](#)
 - Graduate Students: Consult your Program Coordinator or the [Graduate School](#).
- [Career Services](#): Provided by each college and school's success centers.
- [Center for Academic Success and Tutoring \(CAST\)](#): Tutoring, supplementary instruction, and peer coaching in subject areas, time management, studying, and school-work-life balance.
- [Center for Writing Excellence \(CWE\)](#): Tutoring and workshops on writing.
- [The Disability Resource Center \(DRC\)](#): Assistance for students in receiving accommodations to equalize access. Use the [AIM web portal](#) to apply for DRC services.
- [Navigate](#): The tool that connects you to your support team across campus.

- [Public Speaking Resource Center \(PSRC\)](#): Assistance and coaching for presentations and job interviewing.
- [University Libraries](#): On the Montclair campus, University Libraries offers a host of [resources](#), including [course reserves](#); [streaming media](#); [study spaces](#); and [research help](#) by appointment, chat, and email, and through [discipline-specific guides](#).

WELL-BEING

- [The Office of the Dean of Students](#) resolves concerns that impact academic and/or personal well-being: deanofstudents@montclair.edu/973-655-4118. For housing, food, or life concerns, see [Student Social Services](#); for professional clothing, see [Rocky's Closet](#); for food security, see [Red Hawk Pantry](#).
- Campus Safety
 - [Police](#): In the event of an emergency, call University Police at 973-655-5222.
 - [Emergency Exit Plans](#) are available for all campus buildings.
- [Counseling and Psychological Services \(CAPS\)](#) provides free short-term counseling, [group therapy](#), [Let's Talk "walk-ins,"](#) and confidential referrals.
 - Access free online therapy resources with your Montclair NetID: [TAO](#) and [Uwill Teletherapy](#).
 - Crisis number: 973-655-5211.
 - **After-hours crisis number: 973-655-5211, option 2, or University Police: 973-655-5222.**
 - The National Suicide Prevention Hotline offers 24/7 support at 800-273-8255.
 - [988 Suicide and Crisis Lifeline](#): Call or text **988**.
- [MSU Cares](#) helps students who are alone, stressed, or afraid. Community members may report concerns about a student via a [CARE Report](#).
- The [Office of Student Belonging](#) is dedicated to creating a welcoming and supportive environment for all students.
- [Student Health Center](#)

STUDENT SERVICES

- [Red Hawk Central \(RHC\)](#): Provides support and resources for Student Accounts, Financial Aid and the Registrar. Live chat available at the website for referrals and quick questions.
- [Undergraduate Student Guide](#) or [Graduate Student Guide](#). See additionally:
 - [Campus Climate for Civility and Human Dignity](#) aims to foster an atmosphere of respect, understanding, and goodwill.
 - [Preferred Name](#): Students may select their preferred name for use at the University. Apply online to make changes.

- [Sexual Violence Policies and Support](#): The University is committed to a safe environment, and investigates all reports of sexual misconduct. If you share sexual misconduct information with instructors, your instructor is required to report this to the Title IX officer.

Technical Support

- To troubleshoot Canvas problems, click "Help" in the left-hand navigation, visit the [Montclair State Canvas Student Orientation](#), or consult the [Instructure Canvas Student Guides](#).
- Canvas browser recommendations: Chrome, Firefox or Edge. Safari is not recommended.
- Call the [IT Service Desk](#) directly at 973-655-7971 or itservicedesk@montclair.edu for support with log-in, network access, email, and university software and hardware.
- Maximize Wi-Fi functionality by connecting to [MSU Secure Wi-Fi](#) using your NetID.
- Software:
 - Students have free access to [Microsoft Office 365 Education](#) and [Google Apps for Education](#); specialized software is available at the [MSU Software repository](#).
 - Members of the Montclair community can access **Copilot** with [Enterprise Data Protection](#) by visiting copilot.microsoft.com. Log in with the "Continue with Microsoft" login option, then by using your NetID@montclair.edu credentials to ensure your work is protected under Montclair State University's enterprise security standards.
- [Public computer labs and on-campus loaner laptops](#).

Schedule of Assignments

Due Date	Assignment	Type	Points
	Roll Call Attendance	Assignment	100
9/5/25	Class 2 Exercise	Quiz	20
9/8/25	Academic Engagement - Fall 2025	Assignment	0
9/9/25	Class 3 Exercise	Quiz	20
9/12/25	Class 4: Exercise	Quiz	20
9/17/25	REVEL Homework 1	Assignment	600
9/19/25	REVEL Homework 2: Data and Expressions	Assignment	600
9/19/25	Class 5 Exercise 1&2	Quiz	20
9/19/25	Class 5 Exercise 3	Quiz	20
9/26/25	Class 6 Exercise	Quiz	20
10/1/25	Class 8 Exercise 1	Quiz	4

Due Date	Assignment	Type	Points
10/1/25	Class 8 Exercise 2	Quiz	20
10/3/25	REVEL Homework 3: Using Classes and Objects	Assignment	800
10/3/25	REVEL Lab 1: Data and Expressions	Assignment	15
10/3/25	REVEL Lab 2: Using & Writing Classes and Objects	Assignment	10
10/3/25	Class 7 Exercise	Quiz	20
10/10/25	Class 9: Exercise	Quiz	0
10/15/25	REVEL Homework 4: Writing Classes	Assignment	500
10/17/25	REVEL Homework 5: Conditionals and Loops	Assignment	600
10/17/25	REVEL Lab 3: Conditionals and Loops	Assignment	10
10/17/25	Class 10 Exercise	Quiz	20
10/29/25	Midterm Exam SP25- Requires Respondus LockDown Browser	Quiz	80
10/31/25	REVEL Homework 6: More Conditionals and Loops	Assignment	400
10/31/25	REVEL Lab 4: More Conditionals and Loops	Assignment	10
11/7/25	Class 12 Exercise	Quiz	20
11/14/25	REVEL Homework 7: Object-Oriented Design	Assignment	900
11/14/25	REVEL Lab 5: Object-Oriented Design	Assignment	5
11/14/25	Class 14: Exercise	Quiz	30
11/14/25	Class 15 Exercise	Quiz	15
11/19/25	Class 16 Exercise	Assignment	8
11/30/25	Class 17 Exercise	Quiz	8
12/5/25	REVEL Homework 8: Arrays	Assignment	500
12/5/25	REVEL Homework 9: Inheritance	Assignment	500
12/5/25	REVEL Lab 6: Arrays	Assignment	5

Due Date	Assignment	Type	Points
12/8/25	CSIT 111 Final Exam Part 1- Requires Respondus LockDown Browser	Quiz	50
12/10/25	CSIT 111 Final Exam Part 2 - Requires Respondus LockDown Browser	Quiz	70
