

MONTCLAIR

STATE UNIVERSITY

FUNDAMENTALS OF PROGRAMMING II

This course runs from 29-AUG-25 to 17-DEC-25

Course Modality: Hawk to Hawk

Meeting Times: 10:00 AM - 11:25 AM

Meeting Days: Monday Wednesday

Meeting Location: CCIS-224

Section Number: CSIT112_02FA25

Professor

Connect With Me

Email:

- Please feel free to send me an email if you have any questions
- Be sure to include the full "**COURSE ID**" (e.g., CSIT256_01FA24) in the subject of all emails.
- A message from Canvas is highly recommended since it will automatically add both the course and student IDs, and never be mistakenly sent to trash or spam of my email box.

- Typically, I response with 1 business day. If you do not hear back within 1 business day, resend your email.

Course Catalog Description

Prerequisite(s): CSIT 104 with a grade of C- or higher; CSIT 111 with a grade of C- or higher; and MATH 111 with a grade of C- or higher or placement through the Montclair State University Placement Test (MSUPT) or MATH 122 with a grade of C- or higher or AMAT 120 with a grade of C- or higher. This course is the continuation of CSIT-111, which already covered the fundamentals of basic Java programming including data, expression, classes, conditionals, and loops. In this class, the object-oriented design concepts will be discussed with examples. The techniques of inheritance and polymorphism will be studied in depth. Interface, sorting, searching, recursion, file I/O, GUI, and multithreading will also be introduced as well.

Overview of Our Section

The course builds a strong foundation in Object-Oriented Programming (OOP) with Java, guiding students to develop clean, modular, and reusable code. Core OOP principles such as inheritance, polymorphism, and interfaces are thoroughly covered. Beyond the fundamentals, students will gain practical experience with Java graphical user interfaces (GUIs) and the utilization of event-handling mechanisms to create interactive applications. The course also explores multithreading and introduces the fundamentals of data parallelism, equipping students with techniques to design efficient programs that leverage concurrent and parallel execution.

Student Learning Outcomes

- Familiar with Interface, Inheritance and Polymorphism
- Familiar with the exception handling mechanism

- Familiar with insertion sort, selection sort and binary search
- Create Graphical User Interface (GUI) for user applications
- Design problem solution in a recursive way

Upon completion of the course, students should be able to:

- SLO1: write Java applications using object-oriented programming principles including inheritance, polymorphism, and interface.
- SLO2: implement Java graphical user interfaces (GUIs), effectively utilize event-driven, and create interactive applications.
- SLO3: collaborate effectively in a team to design, implement, test, and present a comprehensive Java-based project.
- SLO4: write correct concurrent applications in Java, utilizing various multi-thread mechanisms and evaluate the performance gain and overhead of concurrent programming
- SLO5: understand fundamentals of Data Parallelism in Java
- SLO6: design and implement concurrent applications by using Java multithreading APIs , and will be able to compute and analyze the speedup and efficiency of parallel programs.

Course Materials

Revel for Java Software Solutions, Foundations of Program Design
10 Edition by Lewis & Loftus

Course Schedule

Learning Modules	Duration	Activities	Assignments
Module 1: Introduction	Week 1	• Slides: Class 1	None
Module 2: Review	Week 2	• Slides: Class 2	• REVEL Exercises • Lab 1
Module 3: Parallel Computing	Week 2 - 3	1. Slides: Class 3	• Lab 2
Module 4: Polymorphism	Week 3 - 4	• Slides: Class 4-6	• REVEL Exercises • Lab 3

Module 5: Exception	Week 5 - 6	Slides: Class 7, 8	- REVEL Exercises - Lab 4
Module 6: Recursion	Week 6 - 7	Slides: Class 9	- REVEL Exercises - Lab 5
Module 7: Midterm	Week 7 - 8	- Slides: Class 10 Midterm Review - Midterm Exam	None
Module 8: Collection	Week 8 - 10	Slides: Class 11-13	- REVEL Exercises - Lab 6
Module 9: Javafx & Event Handling	Week 10 - 12	Slides: Class 14-17	- REVEL Exercises - Project
Module 10: Final Review & Exam	Week 13 - 14	- Slides: Class 21, 22 Final Review - Final Exam	None

Note: This schedule is subject to change based on the needs of class.

Grading Breakdown

Grading Breakdown

Element	Percentage of Grade
REVEL Exercises	15%
Labs	15%
Midterm Exam	25%
Final Exam	30%
Project	10%
Attendance	5%
In-class Exercises	5%

DESCRIPTION OF ASSIGNMENTS AND ASSESSMENTS

REVEL Exercises: 2-3 REVEL exercises will be assigned each week. Students can try unlimited times to eventual answer the questions.

Labs: 6 labs will be assigned.

Project: 1 project of game design using Green Foot will be assigned. A presentation of the game will be required.

Exams: All exams will be close book. Exams will be applied with Respondus Lock Down Browser. Download Link:

<https://download.respondus.com/lockdown/download.php?id=879213189>

EVALUATION OF STUDENT WORK

Each assignment is accompanied by a rubric or other explanation of the criteria used for evaluation.

Grading Scale

Grading Scale

Letter Grade	Percentage
A	94-105%
A-	90-93%
B+	87-89%
B	84-86%
B-	80-83%
C+	77-79%
C	74-76%
C-	70-73%
D+ (undergraduate only)	67-69%
D (undergraduate only)	64-66%
D- (undergraduate only)	60-63%
F	0-59%

Academic Honesty and Integrity

Academic Honesty is a core University value. Take time to understand the [University's policy](#). Your questions about academic honesty are always welcome. You can ask me or consult the [Center for Academic Success and Tutoring \(CAST\)](#) or the [Center for Writing Excellence \(CWE\)](#) before submitting work.

Course Policies

Late Work Policy:

Students are expected to complete work on schedule. The late policy for all assignments is as follows: 10% points off, if submitted within 24 hours after the due date; 25% off, if submitted 24-48 hours after the due date; no credit if submitted two days or more days after the due date unless prior arrangements are made with the instructor with acceptable reasons. Partially finished assignments will receive partial credit.

Note: This is a firm policy and it will be automatically applied on Canvas.

Attendance Policy:

Attendance is mandatory. All students must sign in for attendance on Canvas within the first 15 minutes of class. Attendance contributes 5% to the final exam grade; if students sign in after the 15-minute window, they will receive only 50% of the attendance credit. Excused absences include illness (a doctor's note is needed) or a serious personal crisis (a letter from the Dean of students is required).

Land Acknowledgement Statement

We respectfully acknowledge that Montclair State University occupies land in Lenapehoking, the traditional and expropriated territory of the Lenape. [Read the full Land Acknowledgement Statement](#).

Resources

ACADEMIC

- [Academic Calendar](#): View for important semester dates.
- [Academic Advising](#) is available for all students, with success centers in every college and school:
 - [College of the Arts](#)
 - [College of Communication and Media](#)
 - [College for Community Health](#)
 - [College for Education and Engaged Learning](#)
 - [College of Humanities and Social Sciences](#)
 - [College of Science and Mathematics](#)
 - [The Feliciano School of Business](#)
 - [The School of Nursing](#)
 - [University College Academic Advising](#)
 - Graduate Students: Consult your Program Coordinator or the [Graduate School](#).
- [Career Services](#): Provided by each college and school's success centers.
- [Center for Academic Success and Tutoring \(CAST\)](#): Tutoring, supplementary instruction, and peer coaching in subject areas, time management, studying, and school-work-life balance.
- [Center for Writing Excellence \(CWE\)](#): Tutoring and workshops on writing.
- [The Disability Resource Center \(DRC\)](#): Assistance for students in receiving accommodations to equalize access. Use the [AIM web portal](#) to apply for DRC services.
- [Navigate](#): The tool that connects you to your support team across campus.
- [Public Speaking Resource Center \(PSRC\)](#): Assistance and coaching for presentations and job interviewing.
- [University Libraries](#): On the Montclair campus, University Libraries offers a host of [resources](#), including [course reserves](#); [streaming media](#); [study spaces](#); and [research help](#) by appointment, chat, and email, and through [discipline-specific guides](#).

WELL-BEING

- [The Office of the Dean of Students](#) resolves concerns that impact academic and/or personal well-being: deanofstudents@montclair.edu/973-655-4118. For housing, food, or life concerns, see [Student Social Services](#); for professional clothing, see [Rocky's Closet](#); for food security, see [Red Hawk Pantry](#).
- Campus Safety

- [Police](#): In the event of an emergency, call University Police at 973-655-5222.
 - [Emergency Exit Plans](#) are available for all campus buildings.
- [Counseling and Psychological Services \(CAPS\)](#) provides free short-term counseling, [group therapy](#), [Let's Talk "walk-ins,"](#) and confidential referrals.
 - Access free online therapy resources with your Montclair NetID: [TAO](#) and [Uwill Teletherapy](#).
 - Crisis number: 973-655-5211.
 - **After-hours crisis number: 973-655-5211, option 2, or University Police: 973-655-5222.**
 - The National Suicide Prevention Hotline offers 24/7 support at 800-273-8255.
 - [988 Suicide and Crisis Lifeline](#): Call or text **988**.
- [MSU Cares](#) helps students who are alone, stressed, or afraid. Community members may report concerns about a student via a [CARE Report](#).
- The [Office of Student Belonging](#) is dedicated to creating a welcoming and supportive environment for all students.
- [Student Health Center](#)

STUDENT SERVICES

- [Red Hawk Central \(RHC\)](#): Provides support and resources for Student Accounts, Financial Aid and the Registrar. Live chat available at the website for referrals and quick questions.
- [Undergraduate Student Guide](#) or [Graduate Student Guide](#). See additionally:
 - [Campus Climate for Civility and Human Dignity](#) aims to foster an atmosphere of respect, understanding, and goodwill.
 - [Preferred Name](#): Students may select their preferred name for use at the University. Apply online to make changes.
 - [Sexual Violence Policies and Support](#): The University is committed to a safe environment, and investigates all reports of sexual misconduct. If you share sexual misconduct information with instructors, your instructor is required to report this to the Title IX officer.

Technical Support

- To troubleshoot Canvas problems, click "Help" in the left-hand navigation, visit the [Montclair State Canvas Student Orientation](#), or consult the [Instructure Canvas Student Guides](#).
- Canvas browser recommendations: Chrome, Firefox or Edge. Safari is not recommended.

- Call the [IT Service Desk](#) directly at 973-655-7971 or itservicedesk@montclair.edu for support with log-in, network access, email, and university software and hardware.
- Maximize Wi-Fi functionality by connecting to [MSU Secure Wi-Fi](#) using your NetID.
- Software:
 - Students have free access to [Microsoft Office 365 Education](#) and [Google Apps for Education](#); specialized software is available at the [MSU Software repository](#).
 - Members of the Montclair community can access **Copilot** with [Enterprise Data Protection](#) by visiting copilot.microsoft.com. Log in with the “**Continue with Microsoft**” login option, then by using your NetID@montclair.edu credentials to ensure your work is protected under Montclair State University’s enterprise security standards.
- [Public computer labs and on-campus loaner laptops](#).

Schedule of Assignments

Due Date	Assignment	Type	Points
	Roll Call Attendance	Assignment	100
9/27/24	Lab 1	Assignment	50
12/8/24	Lab 6: Event Handling	Assignment	50
9/5/25	class 2 exercise	Assignment	10
9/8/25	Academic Engagement - Fall 2025	Assignment	0
9/10/25	class 3 exercise	Quiz	4
9/10/25	class 3 exercise	Quiz	4
9/12/25	Class 4 Exercise	Quiz	3
9/19/25	REVEL Chapter 9: Inheritance (1)	Assignment	100
9/19/25	REVEL Chapter 9: Inheritance (2)	Assignment	300
9/19/25	Class 5 Exercise	Assignment	10
9/26/25	REVEL Chapter 10: Searching	Assignment	100
9/26/25	REVEL Chapter 10: Sorting	Assignment	100
9/26/25	REVEL Lab 1: Inheritance	Assignment	50
10/3/25	REVEL Lab 2: Polymorphism	Assignment	50
10/3/25	Class 7 Exercise	Quiz	5
10/3/25	Class 8 Exercise	Quiz	6
10/10/25	REVEL Chapter 11: Exceptions	Assignment	600
10/10/25	REVEL Lab 3: Exceptions	Assignment	50

Due Date	Assignment	Type	Points
10/10/25	Class 9 Exercise	Quiz	5
10/17/25	REVEL Chapter 12: Recursion	Assignment	300
10/17/25	REVEL Lab 4: Recursion	Assignment	50
10/29/25	CSIT 112 Midterm Exam- Requires Respondus LockDown Browser	Quiz	80
10/31/25	Lab 5: PDC	Assignment	50
11/9/25	Project: Team Announcement	Assignment	2
11/14/25	REVEL Java FX 1: Introduction	Assignment	500
11/14/25	Class 14 Exercise	Quiz	6
11/21/25	Class 16 Exercise	Quiz	12
11/28/25	REVEL Chapter 13: Collections	Assignment	500
11/30/25	Project: Create a Game with Event Handling in Greenfoot	Assignment	48
12/10/25	CSIT 112 Final Exam- Requires Respondus LockDown Browser	Quiz	70
